

## **FMPro™ Facility Condition Report**

### **Merge or Link PDF Documents Release**

ACTON, Mass (August 2020) Digital Facilities Corporation (DFC) has released an updated design to the Facility Condition Report template for FMPro™ a Building Envelope Management solution for asset assessments with individual areas for Roofing, Façade, Paving and Vertical transportation equipment.

FM-Pro™ is suited for building owners, asset area consultants and building service providers. This easy to deploy SaaS solution is ideal for maintaining annual observation reports, facility and building envelope assessments.

The latest release was a requested enhancement to the facility condition report (FCR). Now users can easily merge or link existing PDF files to your report to add technical specifications and other documents to add additional report detail.
