

RoofPro™ Inspector 3.0 Release

ACTON, Mass (November 2016) Digital Facilities Corporation (DFC) the industry's leading supplier of Building Exterior Management Solutions, has released a new Inspector program release as part of the RoofPro™ series programs.

The latest release of Inspector; 3.0 allow users to shift from tablet view to a desktop P.C. view and are ideal for use with convertible tablets. The 3.0 release also includes a report writer with options for printing Roof Condition Reports and Proposals. The addition of the report writer allows field personnel to work disconnected from the internet, collect observation data and generate PDF reports that can be e-mailed later.

The 3.0 release is part of the release of RoofPro R-2 compatible with Windows 7-10 operating systems. Contact DFC sales for more information.
