

RoofPro™ Inspector 3.0 Release

ACTON, Mass (August 2018) Digital Facilities Corporation (DFC) the industry's leading supplier of Building Exterior Management Solutions, has released Window 10 updates for the Inspector program as part of the RoofPro™ series programs.

Inspector; 3.0 allows users to work disconnected from the internet and is ideal for use with convertible tablets. The release adds updates to improve flexibility for field personnel to work disconnected from the internet, collect observation data and generate PDF reports that can be e-mailed later.

This release is an enhancement to release 3.0 of RoofPro R-2 compatible with Windows 7-10 operating systems. Contact DFC sales for more information.
